Quarterly Report

From October 1, 2023 to December 31, 2023

(Third Quarter of the 155th Fiscal Year)

KOMATSU LTD.

Quarterly Report

Certain References and Information:

- 1. This is an English translation of the Quarterly Securities Report ("Shihanki Hokokusho") filed via the Electronic Disclosure for Investors' Network ("EDINET") system as set forth in Article 27-30-2 of the Financial Instruments and Exchange Act of Japan. Komatsu Ltd. filed its Quarterly Securities Report for the three months ended December 31, 2023 with the Director-General of the Kanto Local Finance Bureau on February 13, 2024. The Quarterly Securities Report contains, among other information, Quarterly Consolidated Financial Statements for the three months and the nine months ended December 31, 2023. Material information in the Quarterly Securities Report, other than the Quarterly Consolidated Financial Statements, has already been reported by Komatsu Ltd. in its press release dated January 30, 2024. Attached is an English translation of Quarterly Consolidated Financial Statements for the three months and the nine months ended December 31, 2023.
- 2. In this report, Komatsu Ltd. is hereinafter referred to as the "Company" and together with its consolidated subsidiaries as "Komatsu."

Cautionary Statement with respect to forward-looking statements:

This report contains forward-looking statements that reflect managements' views and assumptions in the light of information currently available with respect to certain future events, including expected financial position, operating results and business strategies. These statements can be identified by the use of terms such as "will," "believes," "should," "projects," "plans," "expects" and similar terms and expressions that identify future events or expectations. Actual results may differ materially from those projected, and the events and results of such forward-looking assumptions cannot be assured. Any forward-looking statements speak only as of the date of this report, and the Company assumes no duty to update such statements.

Factors that may cause actual results to differ materially from those predicted by such forward-looking statements include, but are not limited to, unanticipated changes in demand for Komatsu's principal products, owing to changes in the economic conditions in Komatsu's principal markets; changes in exchange rates or the impact of increased competition; unanticipated costs or delays encountered in achieving Komatsu's objectives with respect to globalized product sourcing and new information technology tools; uncertainties as to the results of Komatsu's research and development efforts and its ability to access and protect certain intellectual property rights; the impact of regulatory changes and accounting principles and practices; and the introduction, success and timing of business initiatives and strategies.

Financial Information

1. Basis of preparation of the quarterly consolidated financial statements

The quarterly consolidated financial statements of the Company are prepared in accordance with the accounting principles generally accepted in the United States of America, pursuant to Article 4, Supplementary Provisions of the "Ordinance on Terminology, Forms and Preparation Methods of Quarterly Consolidated Financial Statements," the Ordinance of the Cabinet Office No. 64 of 2007.

2. Audit certification

Pursuant to Article 193-2, paragraph 1 of the Financial Instruments and Exchange Act of Japan, the quarterly consolidated financial statements for the three months ended December 31, 2023 and for the nine months ended December 31, 2023 were reviewed by KPMG AZSA LLC.

The accompanying Notes are an integral part of these Quarterly Consolidated Financial Statements.

The figure for the nine months ended December 31, 2022 was reclassified to confirm to the presentation for the nine months ended December 31, 2023.

Komatsu Ltd. and Consolidated Subsidiaries Notes to Quarterly Consolidated Financial Statements (Unaudited)

1. Basis of Quarterly Consolidated Financial Statement Presentation and Summary of Significant Accounting Policies

Basis of Quarterly Consolidated Financial Statement Presentation

The Company prepares and presents the accompanying quarterly consolidated financial statements in accordance with generally accepted accounting principles in the United States of America (hereinafter "U.S. GAAP").

The accompanying quarterly consolidated financial statements are stated in Japanese yen, the currency of the country in which the Company is incorporated and principally operates.

Some adjustments without booked on each subsidiary's and affiliate's quarterly financial statements are added to the accompanying quarterly consolidated financial statements. These adjustments are mainly due to the gaps of accounting principle between Japan and the United States of America. See Note 23 "Terminology, Forms and Preparation Methods of Quarterly Consolidated Financial Statements".

Preparation of Financial Statements and Registration with the U.S. Securities and Exchange Commission

The Company has been preparing its consolidated financial statements in accordance with U.S. GAAP since 1963, because the Company issued foreign currency convertible bonds at European market in 1964. The Company registered its convertible bonds issued in the United States in 1967 and its common shares issued for U.S. shareholders as well as Japanese shareholders in 1970 with the U.S. Securities and Exchange Commission (hereinafter "SEC"). Since then, the Company, as a non-U.S. issuer, had been having the reporting obligations, such as filing annual report with its consolidated financial statements in accordance with U.S. GAAP, under the Securities Exchange Act of 1934. The Company's registration with SEC was terminated on June 30, 2014.

Summary of Significant Accounting Policies

Recently Adopted Accounting Standards

In June 2016, Financial Accounting Standards Board (hereinafter "FASB") issued Accounting Standards Update (hereinafter "ASU") 2016-13 "Financial Instruments — Credit Losses: Measurement of Credit Losses on Financial Instruments". This update requires an entity to recognize credit losses for many financial assets based on current expected credit loss model instead of incurred loss model. The current expected credit loss model requires an entity to immediately recognize estimated credit losses expected to occur over the remaining life of the financial assets which are within the scope of this update. Komatsu has adopted this update from the fiscal year beginning on April 1, 2023, including interim periods within those reporting periods. This update has been adopted under the modified retrospective approach through a cumulative effect adjustment to retained earnings at the beginning of the initial application period. Consequently, Komatsu reduced JPY 1,634 million as an adjustment of cumulative effect from retained earnings as of April 1, 2023. Details are as described in Note 4 "Receivables and Allowance for Credit Losses".

In September 2022, FASB issued ASU 2022-04 "Disclosure of Supplier Finance Program Obligations". This update requires an entity that uses a supplier finance program in connection with the purchase of goods and services to disclose the key terms of the program, information about obligations outstanding at the end of the reporting period and a rollforward of those obligations during the reporting period. Komatsu has adopted the amendments in this update to disclose the key terms of the program and information about obligations outstanding from the fiscal year beginning on April 1, 2023, including interim periods within those reporting periods. The amendment to disclose a rollforward of obligations is effective for annual reporting periods beginning after December 15, 2023. The adoption of this update had no impact on Komatsu's financial position and results of operations. Details are as described in Note 8 "Trade Payables".

Excluding the above, there is no material change for summary of significant accounting policies stated in annual report for the fiscal year ended March 31, 2023.

Regarding the impact of the disruption and so forth in the supply chain, financial sector, and world economy caused by the Ukraine situation on Komatsu's financial position and results of operations, there is uncertainty regarding when such conditions will improve, among other factors. Nevertheless, Komatsu has assumed that a certain level of impact from the Ukraine situation will continue in the future, based on the information which is available at present and our predictions. Komatsu is making its best estimates taking in the assumption to assess the calculation of the estimated credit losses, the likelihood of recovery of deferred tax assets and the impairment losses on long-lived assets and goodwill given these items are relatively material among the accounting estimates. However, if actual future trends deviate from the assumption, Komatsu's financial position and results of operations may be adversely affected.

2. Supplemental Cash Flow Information

Additional cash flow information for the nine months ended December 31, 2023 and 2022 is as follows:

		Million	s of yen	
		months ended nber 31, 2023		nonths ended aber 31, 2022

Interest paid	¥	40,851	¥	20,295
Income taxes paid, net		144,004		115,949

3. Business Combination

American Battery Solutions, Inc.

On December 1, 2023, the Company acquired American Battery Solutions, Inc. (hereinafter "ABS"), a battery manufacturer, through Komatsu America Corp., a wholly owned subsidiary of the Company in the U.S., by purchasing all of the outstanding shares of ABS.

ABS is a battery manufacturer that develops and manufactures a wide variety of battery packs, including lithium-ion batteries for commercial and industrial vehicles, and provides battery systems optimized to each customer's needs. ABS has talented employees with advanced product development knowledge and expertise in addition to their technology to develop and manufacture battery packs with superior performance.

The acquisition of ABS will enable Komatsu to develop and manufacture its own battery optimized to its products which are used under various environments and conditions, through the integration of ABS' battery technology with Komatsu's knowledge and network. After the acquisition, ABS will continue its current business for commercial vehicles as a stand-alone business entity and will aim to become one of the world's leading providers of battery systems in both commercial vehicle and construction & mining equipment markets by acquiring new business opportunities through Komatsu.

Komatsu will accelerate the development of battery-powered electric vehicles with the aim of achieving carbon neutrality by utilizing the newly acquired ABS' battery-related technology.

Komatsu measures the fair value of the acquired assets and assumed liabilities in accordance with Financial Accounting Standards Board Accounting Standards CodificationTM (hereinafter "ASC") 805, "Business Combinations". The following table is the preliminary summary of the acquired assets and assumed liabilities after the allocation of acquisition cost on the acquisition date. As the acquisition of ABS occurred on December 1, 2023, the final fair value measurements for certain acquired intangible assets have not been completed as of the issuance date of this quarterly consolidated financial statements. Therefore, the purchase price allocation has not been finalized and the amount of the intangible assets is subject to change.

	Milli	ons of yen
Consideration		
Cash and cash equivalents	¥	37,370
Fair value of total consideration transferred		37,370
Recognized amounts of identifiable acquired assets and assumed liabilities		
Current assets		6,096
Property, plant and equipment		6,173
Intangible assets		59
Other non-current assets		1,316
Total acquired assets		13,644
Current liabilities		(2,799)
Long-term liabilities		(1,807)
Total assumed liabilities		(4,606)
Net acquired assets		9,038
Goodwill		28,332
	¥	37,370

The goodwill of ¥28,332 million was assigned to the Construction, Mining and Utility Equipment operating segment. The goodwill is not deductible for tax purposes.

Acquisition-related costs for the nine months ended December 31, 2023 were ¥1,261 million and included in selling, general and administrative expenses in the consolidated statements of income for the nine months ended December 31, 2023.

ABS' results of operations included in the consolidated statements of income for the nine months ended December 31, 2023 since the date of acquisition were immaterial.

Assuming this acquisition had been made on April 1, 2022, the impact on Net Sales and Net income attributable to Komatsu Ltd. for the nine months ended December 31, 2023 and 2022 would also have been immaterial.

4. Receivables and Allowance for Credit Losses

(1) Portfolio segments

Since Komatsu manages its receivables and allowance for credit losses by operating segments, the portfolio segments are classified in the same way as the operating segments: 1) Construction, Mining and Utility Equipment, 2) Retail Finance, and 3) Industrial Machinery and Others.

In the Construction, Mining and Utility Equipment segment and the Industrial Machinery and Others segment, Komatsu mainly holds accounts receivable and notes receivable recorded as consideration for sales of products, parts, services, and others to customers. Komatsu believes that the possibility of losses due to uncollectible is low as these receivables are generally collected within one year.

In the Retail Finance segment, Komatsu provides installment sales and sales-type leases as a lessor for leveling cash payments of its customers when customers purchase primarily Komatsu's construction and mining equipment. Receivables of retail finance business (hereinafter "retail finance receivables") are secured by collateral, in the form of financed equipment. If Komatsu's collection efforts fail to recover the defaulted situation, Komatsu generally can repossess the financed equipment, after satisfying local legal requirements, and sell it to a third party through Komatsu's dealer network. The collection spans an extended period of time and there is a degree of uncertainty that accompanies the calculation of the estimated credit losses and the calculation of an expected amount recoverable from the collateral. Komatsu estimates the allowance for credit losses on retail finance receivables utilizing the expected credit loss rates that are calculated by adding relevant economic indicators such as housing starts to the average historical loss rates. For periods beyond which Komatsu is able to make or obtain reasonable and supportable forecasts of future economic indicators of the entire life of the retail finance receivables, expected credit losses are estimated for the remaining life mainly using an appropriate approach that immediately revert to historical credit loss experiences. For doubtful retail finance receivables with the possibility of default due to deterioration of customer's financial condition or prolonged payment delays. Komatsu individually records the allowance for credit losses based on the available information at hand such as credit status, status of outstanding receivables, and current market price of assets held as collateral. There were no significant changes in methodologies used to estimate the allowance for credit losses during the nine and the three months ended December 31, 2023.

Changes in the allowance for credit losses by segments for the nine and the three months ended December 31, 2023 are as follows:

			Mil	lions of yen		
		Nine m	onths en	ded December 31,	2023

(2) Credit quality of receivables

Komatsu considers that retail finance receivables are past due, if unpaid for more than 30 days after its due date. Komatsu classifies retail finance receivables by geographic region since credit risk assessment and measurement methods are similar in each region.

The retail finance receivables by the aging category and by origination fiscal year at December 31, 2023 are as follows:

	Millions of yen

Total	¥	1,999	¥	1,113		

(3) Non-accrual receivables

Recognition of income is suspended and the retail finance receivable is placed on non-accrual status when Komatsu determines that collection of future income is not probable. Retail finance receivables on non-accrual status are generally more than 90 days past due. Payments received while the retail finance receivable is on non-accrual status are applied to interest and principal in accordance with the contractual terms. Recognition of income is resumed when collection is considered probable as evidenced by continual payments from the debtor. Interest earned but uncollected prior to the retail finance receivable being placed on non-accrual status is written off through provision for credit losses when it is considered uncollectible.

Interest income recognized for retail finance receivables on non-accrual status were not material during the nine and the three months ended December 31, 2023.

Retail finance receivables which are on non-accrual status and retail finance receivables over 90 days past due and still accruing income at December 31, 2023 are as follows:

	Millions of yen						
		December 31, 2023					
	Non-	accrual	Non-	-accrual	Over 90	days past due	
	with an	with an allowance		n allowance	still	accruing

Europe		_		_		54	
Oceania		_		_		_	
Others		618				110	
Total	¥	5,450	¥	_	¥	1,444	

(4) Modifications

Komatsu may modify loan terms such as reduction of interest payments, extension of the maturity period, or revision of the repayment schedule in response to the debtor's financial difficulties.

Loan modifications granted to debtors experiencing financial difficulty were not material during the nine and the three months ended December 31, 2023. The effect of most modifications made to debtors experiencing financial difficulty is already included in the allowance for credit losses based on the methodologies used to estimate the allowance; therefore, a change to the allowance for credit losses is generally not recorded upon modification. The amount of defaulted retail finance receivables was not material during the nine and the three months ended December 31, 2023.

5. Inventories

At December 31, 2023 and at March 31, 2023, inventories comprise the following:

	Millions	Millions of yen			
	December 31, 2023	March 31, 2023			
Finished products, including finished parts held for sale	¥ 1,021,470	¥ 829,085			
Work in process	296,416	261,960			
Materials and supplies	141,785	136,163			
Total	¥ 1,459,671	¥ 1,227,208			

6. Investment Securities

The realized gains and losses and gross unrealized holding gains and losses for such equity securities which are recorded in other income (expenses), net in the accompanying consolidated statements of income, respectively, for the nine months ended December 31, 2023 and 2022 are as follows:

	Millions of yen				
	Nine month December 3		Nine months ended December 31, 2022		
Net gains and losses recognized during the period on equity securities	¥	(291)	¥	100	
Less: net gains and losses recognized during the period on equity securities					
sold during the period		4		2	
Unrealized gains and losses recognized during the period on equity					
securities still held as of December 31, 2023 and 2022	¥	(295)	¥	98	

The realized gains and losses and gross unrealized holding gains and losses for such equity securities which are recorded in other income (expenses), net in the accompanying consolidated statements of income, respectively, for the three months ended December 31, 2023 and 2022 are as follows:

	Millions of yen				
	Three montl December 3		Three months ended December 31, 2022		
Net gains and losses recognized during the period on equity securities	¥	(263)	¥	(258)	
Less: net gains and losses recognized during the period on equity securities					
sold during the period		4		2	
Unrealized gains and losses recognized during the period on equity					
securities still held as of December 31, 2023 and 2022	¥	(267)	¥	(260)	

Komatsu measures equity securities without readily determinable fair values at the carrying amount after the write-down due to impairment, except for investments which are measured at net asset value per share. If Komatsu identifies observable price changes in orderly transactions for identical or similar investments issued by the same issuer, Komatsu measures the equity security at fair value as of the date that the observable transaction occurred. As of December 31, 2023 and as of March 31, 2023, the carrying amounts of these investments were \mathbb{\text{\text{4}}10,729} million and \mathbb{\text{\text{4}}10,556} million, respectively. Any impairment or any adjustment relating to observable price changes recorded until December 31, 2023 and until March 31, 2023 were not material.

7. Other Intangible Assets

Other intangible assets at December 31, 2023 and at March 31, 2023 are as follows:

	Millions of yen							
	I	December 31, 2023	i	March 31, 2023				
	Gross carrying amount	Accumulated amortization	Net carrying amount	carrying carrying Accumula		Net carrying amount		
Other intangible assets subject to						,		
amortization:								
Software	¥ 98,229	¥ (52,642)	¥ 45,587	¥ 86,296	¥ (41,912)	¥ 44,384		
Leasehold	8,343	(2,583)	5,760	8,576	(2,685)	5,891		
Trademarks	69,578	(31,533)	38,045	65,149	(26,288)	38,861		
Customer relationships	88,017	(46,669)	41,348	88,497	(45,024)	43,473		
Technology assets	43,404	(20,827)	22,577	43,858	(19,745)	24,113		
Other	13,429	(9,122)	4,307	10,857	(8,037)	2,820		
Total	321,000	(163,376)	157,624	303,233	(143,691)	159,542		
Other intangible assets not subject to amortization			8,478			7,750		
Total other intangible assets			¥ 166,102			¥ 167,292		

The aggregate amortization expense of other intangible assets subject to amortization during the nine months ended December 31, 2023 and 2022 were \(\frac{4}{22}\),164 million and \(\frac{4}{21}\),394 million, respectively. The aggregate amortization expense of other intangible assets subject to amortization during the three months ended December 31, 2023 and 2022 were \(\frac{4}{7}\),394 million and \(\frac{4}{7}\),260 million, respectively.

8. Trade Payables

The Company and certain consolidated subsidiaries have entered into agreements with third-party financial institutions for supplier finance program. Komatsu makes payments to third-party financial institutions after 60 to 120 days based on the transaction agreements entered into with each supplier. The financial institutions offer earlier payment of the invoices at the sole discretion of the supplier for a discounted amount based on the tripartite agreements between Komatsu, the suppliers, and the financial institutions. Komatsu does not provide pledged assets or any other forms of guarantees from third parties for this program. The amounts of liabilities under the supplier finance program at December 31, 2023 and at March 31, 2023 are \div 36,688 million and \div 48,519 million, respectively, and are included in trade notes, bills and accounts payable in the accompanying consolidated balance sheets.

9. Cost of Retirement Benefits

Net periodic cost of Komatsu's defined benefit plans for the nine months ended December 31, 2023 and 2022 consisted of the following components:

	Millions of yen					
	Nine months ended December 31, 2023			Nine months ended December 31, 2022		
Service cost	¥	6,557	¥	6,518		
Interest cost on projected benefit obligations		8,384		6,376

11. Revenue

(1) Disaggregation of revenue

The disaggregation of revenue by operating segment and geographic region are described in Note 21.

(2) Contract balances

Contract balances arising from contracts with customers at December 31, 2023 and at March 31, 2023 are as follows:

	Millions	of yen
	December 31, 2023	March 31, 2023
Receivables *1	¥ 1,496,237	¥ 1,444,683
Contract assets *2	2,717	2,516
Contract liabilities *3	202,581	164,220

- *1 Receivables are included in trade notes and accounts receivable, net and long-term trade receivables, net in the accompanying consolidated balance sheets. These amounts are before deducting allowances for credit losses or allowances for doubtful receivables.
- *2 Contract assets are included in trade notes and accounts receivable, net in the accompanying consolidated balance sheets. These amounts are before deducting allowances for credit losses or allowances for doubtful receivables.
- *3 Contract liabilities are included in other current liabilities and deferred income taxes and other liabilities in the accompanying consolidated balance sheets.

Revenue recognized for the nine months ended December 31, 2023 that was included in the contract liability balance as of March 31, 2023 was ¥69,702 million. Revenue recognized for the nine months ended December 31, 2022 that was included in the contract liability balance as of March 31, 2022 was ¥56,811 million. Revenue recognized for the three months ended December 31, 2023 that was included in the contract liability balance as of March 31, 2023 was ¥12,279 million. Revenue recognized for the three months ended December 31, 2022 that was included in the contract liability balance as of March 31, 2022 was ¥13,488 million.

The amounts of revenue recognized during the nine months and the three months ended December 31, 2023 and 2022 from performance obligations satisfied or partially satisfied in previous periods were immaterial.

(3) Transaction price allocated to the remaining performance obligations

As of December 31, 2023, the aggregate amount of the transaction price allocated to the remaining performance obligations that have original expected durations greater than one year is \(\frac{\pmathbf{x}}{370,221}\) million, of which \(\frac{\pmathbf{x}}{173,928}\) million is expected to be recognized as revenue in the twelve months following December 31, 2023.

12. Stock-Based Remuneration

The Company had a stock option plan which transfers the Company's shares to directors, certain employees and certain representative directors of major subsidiaries under an agreement granting the right for them to request such transfers at a predetermined price until the fiscal year ended March 31, 2018.

From the fiscal year ended March 31, 2019, the Company has introduced a new compensation plan, i.e., the restricted stock compensation system for the purpose of providing directors (other than outside directors) and employees of the Company and directors and employees of major subsidiaries with medium- to long-term incentives and advance in sharing value between the directors and shareholders of the Company. Compensation expenses during the nine months ended December 31, 2023 and 2022 were recorded in selling, general and administrative expenses, and were not material to Komatsu's financial position and results of operations. Compensation expenses during the three months ended December 31, 2023 and 2022 were recorded in selling, general and administrative expenses, and were not material to Komatsu's financial position and results of operations. The Company recognizes share-based compensation expense using the fair value method.

13. Leases

Revenues from sales-type and operating leases as a lessor, included in net sales on the consolidated statement of income, for the nine months ended December 31, 2023 and 2022 are as follows:

		Millions of yen			
		months ended nber 31, 2023		months ended mber 31, 2022	
Sales-type lease revenue					
Revenue recognized at the commencement date *1	¥	99,687	¥	78,901	
Interest income		8,181		7,469	
Total sales-type lease revenue		107,868		86,370	
Operating lease revenue		66,617		60,321	
Total	¥	174,485	¥	146,691	

^{*1} The revenue recognized at the commencement date is included in net sales of the Construction, Mining and Utility Equipment operating segment.

Revenues from sales-type and operating leases as a lessor, included in net sales on the consolidated statement of income, for the three months ended December 31, 2023 and 2022 are as follows:

	Millions of yen			
		months ended nber 31, 2023		months ended nber 31, 2022
Sales-type lease revenue				
Revenue recognized at the commencement date *2	¥	44,012	¥	31,670
Interest income		3,077		2,552
Total sales-type lease revenue		47,089		34,222
Operating lease revenue		23,953		21,142
Total	¥	71,042	¥	55,364

^{*2} The revenue recognized at the commencement date is included in net sales of the Construction, Mining and Utility Equipment operating segment.

14. Net Income Attributable to Komatsu Ltd. per Share

The Company has the restricted stock compensation system (hereinafter, the "System") for directors (other than outside directors) and employees of the Company and directors and employees of major subsidiaries. Among the new shares issued under the System, those transfer restrictions which have not been cancelled are distinguished as participating securities from common shares. Each common share and restricted stock has the same rights to net income attributable to Komatsu Ltd.

A reconciliation of the numerators and denominators of the basic net income attributable to Komatsu Ltd. per share computations is as follows:

15. Contingent Liabilities

(1) Komatsu provides guarantees to third parties of loans of the employees, affiliated companies, and other companies. The guarantees of loans relating to the employees are mainly made for their housing loans. The guarantees of loans relating to the affiliated companies and other companies are made to enhance the credit of those companies. For each guarantee provided, Komatsu would have to perform under a guarantee if the borrower defaults on a payment within the contract terms. The contract terms are from 10 years to 30 years in the case of employees with housing loans, and from 1 year to 5 years in the case of loans relating to the affiliated companies and other companies. The maximum amount of undiscounted payments Komatsu would have had to make in the event of default at December 31, 2023 and at March 31, 2023 were \mathbb{17,120} million and \mathbb{14,966} million, respectively. The fair value of the liabilities recognized for Komatsu's obligations as guarantors under those guarantees at December 31, 2023 were insignificant. Certain of those guarantees were secured by collateral and insurance issued to Komatsu.

Komatsu provides guarantees that subsidiaries of the Company perform the obligations of the terms and conditions of contracts by standby letters of credit issued by banks. Komatsu would have to pay the liabilities incurred to banks if the subsidiaries do not perform the obligations of the terms and conditions of contracts. The maximum amount of undiscounted payments Komatsu would have had to make in the event of defaults of the contracts at December 31, 2023 and at March 31, 2023 were ¥15,621 million and ¥14,683 million, respectively.

Management of the Company believes that losses from those contingent liabilities, if any, would not have a material effect on the quarterly consolidated financial statements.

- (2) Komatsu is involved in certain legal actions and claims arising mainly in the ordinary course of its business. It is the opinion of management and legal counsel that such litigation and claims will be resolved without material effect on Komatsu's financial position.
- (3) Komatsu has business activities with customers, dealers and associates around the world and its trade receivables from such parties and the guarantees for them are well diversified to minimize concentrations of credit risks. Management does not anticipate incurring losses on its trade receivables in excess of established allowances.

16. Derivative Financial Instruments

Notional principal amounts of derivative financial instruments outstanding at December 31, 2023 and at March 31, 2023 are as follows:

		Millions of yen			
	Decer	December 31, 2023		rch 31, 2023

17. Fair Values of Financial Instruments

(1) Cash and cash equivalents, Short-term debt

The carrying amounts approximate fair value because of the short maturity of these instruments.

(2) Long-term trade receivables, net, excluding lease receivables

The fair values of long-term trade receivables are based on the present value of future cash flows through maturity, discounted using the current interest rates for similar receivables of comparable maturity.

(3) Long-term debt, including current portion

The fair values of each of the long-term debt are based on the quoted price in the most active market or the present value of future cash flows associated with each instrument discounted using the current market borrowing rate for similar debt of comparable maturity.

(4) Derivatives (Notes 16 and 18)

The fair values of derivative financial instruments are stated in Note 18 and therefore are not included in the table below.

The carrying amounts and the estimated fair values of the financial instruments as of December 31, 2023 and as of March 31, 2023, and fair value levels are summarized as follows:

	December 31, 2023		March .	31, 2023	
	Carrying amount	Estimated fair value	Carrying amount	Estimated fair value	Fair Value Levels
Cash and cash equivalents	¥ 343,456	¥ 343,456	¥ 289,975	¥ 289,975	Level 1
Long-term trade receivables, net, excluding lease receivables	463,687	453,101	430,178	411,766	Level 2
Short-term debt	498,431	498,431	310,738	310,738	Level 2
Long-term debt, including current portion	708,970	687,805	743,024	719,514	Level 2

Notes:

2) The fair value levels are stated in Note 18.

¹⁾ Fair value estimates are made at a specific point in time, based on relevant market information and information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and therefore cannot be determined with precision. Changes in assumptions could affect the estimates.

18. Fair Value Measurements

ASC 820, "Fair Value Measurements" defines that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities
- **Level 2** Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly
- Level 3 Unobservable inputs for the assets or liabilities

Assets and liabilities that are measured at fair value on a recurring basis

The fair value hierarchy levels of assets and liabilities that are measured at fair value on a recurring basis at December 31, 2023 and at March 31, 2023 are as follows:

	Millions of yen

Derivatives (Notes 16 and 17)

Derivatives primarily represent foreign exchange forward contracts and interest rate swap agreements. The fair value of foreign exchange forward contracts is based on a valuation model that discounts cash flows resulting from the differential between contract rate and the market-based forward rate and is classified in Level 2 in the fair value hierarchy. The fair value of interest rate swap agreements is based on a valuation model that discounts cash flows based on the terms of the contract and the swap curves and is classified in Level 2 in the fair value hierarchy.

Assets and liabilities that are measured at fair value on a non-recurring basis

During the nine months ended December 31, 2023 and 2022, assets and liabilities that were measured at fair value on a non-recurring basis were not material.

19. Committed Credit Lines

The Company and certain consolidated subsidiaries have entered into contracts with certain financial institutions for committed credit lines. These total amounts of committed credit lines at December 31, 2023 and at March 31, 2023 were \pm 327,274 million and \pm 304,630 million, respectively. These total amounts of unused committed credit lines available for full and immediate borrowings at December 31, 2023 and at March 31, 2023 were \pm 306,048 million and \pm 284,898 million, respectively.

Note: The amount is rounded down to nearest million yen.

21. Business Segment and Geographic Information

Komatsu has three operating segments: 1) Construction, Mining and Utility Equipment, 2) Retail Finance, and 3) Industrial Machinery and Others. Those operating segments which have separate financial information are available for allocating resources and assessing its performance by management.

The accounting policies employed for the preparation of segment information are identical to those employed for the preparation of the quarterly consolidated financial statements of the Company.

Segment profit available for allocating resources and assessing its performance by management is determined by subtracting the cost of sales and selling, general and administrative expenses from net sales attributed to the operating segment. Segment profit excludes certain general corporate administration and finance expenses, such as costs of executive management, corporate development, corporate finance, human resources, internal audit, investor relations, legal and public relations. Segment profit also excludes certain charges which may otherwise relate to operating segments, including impairments of long-lived assets and goodwill.

Operating segments:

Information about operating segments for the nine months ended December 31, 2023 and 2022 is as follows:

22. Subsequent Events

Not applicable.

Komatsu evaluated subsequent events through February 13, 2024, the issue date of its quarterly consolidated financial statements.

23. Terminology, Forms and Preparation Methods of Quarterly Consolidated Financial Statements

The terminology, forms and preparation methods of the Company's quarterly consolidated financial statements are in accordance with U.S. GAAP.

The main differences between quarterly consolidated financial statements prepared in accordance with U.S. GAAP and those prepared in accordance with the Accounting Standards for Quarterly Consolidated Financial Statements and the Ordinance on Terminology, Forms and Preparation Methods of Quarterly Consolidated Financial Statements of Japan (hereinafter "J. GAAP") are as follows.

(1) Scope of consolidation

For quarterly consolidated financial statements in accordance with J. GAAP, the scope of consolidation is determined on an effective control and influence basis. For quarterly consolidated financial statements in accordance with U.S. GAAP, the scope of consolidation is determined on the shareholding basis on which the determination is based on voting rights and on a consolidation basis of variable interest entities.

(2) Accounting policies

a. Share issuance cost

Although in accordance with J. GAAP, share issuance cost is permitted to be recognized in profit or loss when incurred, the Company treats such cost as a deduction item from capital surplus as expenses incidental to capital transactions in its quarterly consolidated financial statements in accordance with U.S. GAAP.

b. Accounting for retirement benefits

Although in accordance with J. GAAP, net actuarial gains or losses are required to be amortized over certain periods that are shorter than the average remaining years of service, the Company has adopted the corridor approach in its quarterly consolidated financial statements in accordance with U.S. GAAP.

c. Business combination and goodwill

Goodwill is required to be amortized over certain periods in accordance with J. GAAP, while U.S. GAAP requires companies to implement impairment test at least once annually without goodwill being amortized. For intangible fixed assets with indefinite useful lives, U.S. GAAP also requires companies to implement impairment test without such assets being amortized.

(3) Presentation methods and other matters

a. Presentation of legal retained earnings

Although in accordance with J. GAAP, legal retained earnings are recorded as retained earnings together with other surplus, the Company separately presents as appropriated legal reserve in its quarterly consolidated financial statements in accordance with U.S. GAAP.

b. Extraordinary income or loss

In accordance with J. GAAP, gain or loss on certain sales of non-current assets, such as gain or loss from the sale of fixed assets, is presented as extraordinary income or loss. However, since there is no concept of extraordinary items in U.S. GAAP, extraordinary income or loss is not presented in the Company's quarterly consolidated financial statements.
